

## Defends Plan of Union With United States

WINDSOR, Ont., June 15.—(CP)—Speaker of the Ontario Legislature, in defense of a statement made Sunday that 40 to 45 per cent of Canadians would support a union with the United States, said today it would be the first step toward making the United States into a close relationship.

"Surely this is still a democratic man, whoever he may happen to be, can still express an opinion," Mr. Clark said of criticism of the Detroit speech.

He said he wished to draw the attention of his critics to a Gallup poll report which said 45 per cent of Canada's people favored either becoming part of the United States or an independent country.

WOULD VOTE FOR IT

"I would vote for political union if it was voted by the people," he said, "and that is the only way we'll ever know how the people really feel." These two views, however, being used together would further cement the unity of all the English-speaking people, which would be essential to the future peace of the world. If the world as a whole can be thus guaranteed, he would be sure to have no reliance on the right to bring about the change."

BROCKVILLE, Ont., June 15.—(CP)—Lt.-Col. George A. Drew, leader of the Progressive Conservative party in Ontario, said at night in his speech to the Ontario Legislature (Maj. J. C. Bennett) that he would support a union with the United States if it was voted by the people.

Col. Drew, addressing the Leeds riding Progressive Conservative Association, said Canada had never had greater unity than at the present time, and that the British Empire was at the present time.

## A. Greenwood Is Near Leadership Of Labor Party

Continued from Page One  
prime minister and his popularity with the labor has been mounting since.

"This was the first time Greenwood was mentioned as a possible contender in an open clash, although one of the main reasons for his leadership after the resignation of George Lambert."

It became so close a rivalry between them that Clement Attlee was forced to take a position as the government's deputy prime minister and secretary for the dominions.

INFLUENTIAL OFFICE  
The treasuryship holds a general world-wide influence in the direction of the party organization. The vacancy was caused by the death of George Lambert.

The defeat of Morrison, who formerly held a seat on the executive committee of the party, as a result of the party leadership after the resignation of George Lambert.

Greenwood, out of government office for nearly two years, scored a second victory at today's session. In the main debate he defended Labor members of the cabinet from criticism and announced the adoption of the cabinet's report on the Beveridge plan.

Mr. Greenwood had first speech as treasurer, Greenwood, who led a revolt against the government on the issue of the Beveridge report, and treasury, said he was not representative for that but emphasized "you cannot be in a team and not join it."

He said that if the Labor members of parliament continue voting with the government, the Labor members have no option but to resign. That meant Labor would be called out and the party would be split, he added.

## Fire Destroys Large Concern

Exclusive to The Edmonton Bulletin  
WHITEHORSE, June 15.—One of the most disastrous fires in years here occurred during the early hours of Monday morning when the premises of the Northern Commercial Company, Ltd., general merchandise store, were destroyed. The loss was estimated at \$100,000.

Origin of the fire has not yet been determined but the premises and all its contents were completely destroyed. A safe containing records was the only article salvaged. The company is one of the largest concerns operating in the Yukon and Alaska and the Yukon. It is believed that the loss is partially covered by insurance.

Weather  
Rapid temperature change during the hour period from 10 a.m. to 1 p.m. today.

## Wheat As High As Ten Inches In Some Areas

LETHBRIDGE, June 15.—(CP)—Survey of crop conditions in southern Alberta yesterday disclosed wheat is reported as high as 10 inches in some areas, with the average height five or six inches and coarse grain are doing well.

The survey showed widely-varying conditions. In the foothills of the south and southeast of Lethbridge moisture is generally abundant and crops are well advanced. In the east and northeast good general rains are needed before the weather improves.

## U.S. Subs Sink 12 Jap Vessels In Pacific Area

WASHINGTON, June 15.—(AP)—United States submarines in the Pacific have sunk 12 Japanese ships, including a large destroyer, probably sunk another, and damaged a third, the navy announced last night.

Pursuant to policy, the navy gave no details of the attack, but it brought the number of Japanese ships sunk, probably sunk or damaged by submarine action to 258.

Agreed by submarine action to 258. A Japanese destroyer was damaged by submarine action and presumably was put out of action temporarily.

BIO TRANSPORT  
Transport, carrying reinforcements, was sunk by a submarine. One large transport was sunk, another medium-sized transport was damaged.

Supporting ships were scattered through the Pacific off-shore were scattered by the submarine attack for most of the ships sent to the bottom were the Japanese. Ships sunk in that class include five medium-sized, and a large transport.

## Air Raids Cause Production Of German Arms

By WALTER CRONKITE  
Exclusive to The Edmonton Bulletin  
LONDON, June 15.—Colin Bede, a writer for the Daily Mail, said today that despite heavy air raids on Germany, the production of German arms has not been stopped.

He said that the production of German arms has not been stopped. He said that the production of German arms has not been stopped. He said that the production of German arms has not been stopped.

## Premier Ernest Manning Declares Supreme State No Solution to Problem

Continued from Page One

that the socialist policies of the C.C.F. will bring about a reformed democratic system simply do not resemble what the philosophy of socialism involves. I fear that few have read the full explanation of the C.C.F. proposals as outlined by the leading socialist authorities in the recently published book, "Social Planning for Canada. Those who take the trouble to do so I feel sure will have grave doubts about the supposed state authority—and remember, that is the basis of all socialist planning.

Because of the grave importance of this issue to all who have at heart the good and welfare of the people of Canada, I would like to discuss this question a little more fully and to put some pertinent questions before you.

**BASIC FACTS**

First of all let us recount the basic facts regarding the whole problem of post-war reconstruction. What is it that the men of our generation want when they return victorious?

I believe that those questions can be answered very definitely in these words: They want the maximum personal security for themselves and their dependents and above all, they want that security with freedom.

Will this be possible? Can Canada produce all the food, all the clothing, all the homes, all the quantities of other things which will be needed to insure security for every Canadian? The answer need not be in doubt. Less than four years of war have produced more than enough of the productive power of the country to produce all the goods and services which we need.

What is the problem? The problem is that we have not the means to produce sufficient to give every family an income of about \$3,000 a year. As present conditions stand, we are not producing enough to give every family an income of about \$3,000 a year.

**WAR PRODUCTION**

Canada's wartime production is such that during the years when poverty, hunger and insecurity stalked the land, there was absolutely no need of such conditions being imposed on the people. Likewise, those accomplishments which we have achieved after the war have been in a measure due to the security that has been given them in the past.

As a result of this, we are provided with a full measure of freedom and freedom to live our lives without compulsion and registration, freedom to choose our own paths and to live our lives as we see fit.

**REPLACE OFFICIALS**

Suppose that you replace a private monopoly by a state monopoly. You do so to replace one group of controllers by a more powerful group. The state officials who would operate the nationalized industries would have increased powers to dictate what should be produced, in what quantities and by whom it should be produced, and what price should be paid.

There would be no competitive element to please the consuming public, because there would be one authority directing production. You did not like the conditions under which you were required to work or the wages you were getting, you could not do much about it—for you were a servant of the state and you would have no alternative conditions which the state authorities imposed upon you.

## R.C.A.F. Crew Battles Sub Fighting French Allied Leaders Asked Submit Problems

Continued from Page One

tion frankly, imagine the power which would be concentrated in the hands of a socialist government. They would control the economy, commerce and finance. They would have the power to appoint their supporters to all the key positions. They would control the armed forces. They would control the money system.

**VAULT POWER**

With this vast power concentrated in the hands of a political party, say I ask you, what is it that would be possible to get rid of it?

What we have to bear in mind is that simply because this power would be concentrated in the hands of a political party, it would not mean that the people would be able to control it. Actually, the people would be deprived of every shred of the limited power they exercise under our present inefficient system.

And, in order to plan and administer this vast state monopoly it would be necessary to establish a gigantic bureaucracy, and some idea of the extent to which it would be carried out, we have only to consider the bureaucracy that has been created during the war.

**SPECIAL ATTENTION**

Now I want to turn to an aspect of the problem which is deserving of particular attention—namely, their attitude towards finance. As you know, the C.C.F. advocates a private monopoly which, by its power to control the quantity of money, would be able to control all production and to dominate every aspect of the economy.

The advocates in-chief of this system which was derived from the following statement from their book, "Social Planning for Canada. They would control the money system, they would control the production of goods, they would control the distribution of goods, they would control the consumption of goods.

**WAR PRODUCTION**

Canada's wartime production is such that during the years when poverty, hunger and insecurity stalked the land, there was absolutely no need of such conditions being imposed on the people. Likewise, those accomplishments which we have achieved after the war have been in a measure due to the security that has been given them in the past.

As a result of this, we are provided with a full measure of freedom and freedom to live our lives without compulsion and registration, freedom to choose our own paths and to live our lives as we see fit.

**REPLACE OFFICIALS**

Suppose that you replace a private monopoly by a state monopoly. You do so to replace one group of controllers by a more powerful group. The state officials who would operate the nationalized industries would have increased powers to dictate what should be produced, in what quantities and by whom it should be produced, and what price should be paid.

There would be no competitive element to please the consuming public, because there would be one authority directing production. You did not like the conditions under which you were required to work or the wages you were getting, you could not do much about it—for you were a servant of the state and you would have no alternative conditions which the state authorities imposed upon you.

You may think that the state would be able to do this, but you did not like the results they got. The government, let us face the question, would be a little bit of a question.

## Back in China Allied Leaders Determined 'To Get to Tokyo'—Stillwell

Continued from Page One

U.S. commander in China, Burma and India, returned from Washington conferences today with a promise that Allied leaders were "determined to get to Tokyo."

The American general, who once remarked that "we took a hell of a beating" in Burma, Britain's Generalissimo, Chiang Kai-shek, and the Far East might receive more supplies in the future.

**AGENDA PROPOSED**

The German proposal that an agenda be drawn up for committee action, listing four questions to be decided by the committee, was moved from the upper ranks of the army and was adopted.

The other questions were: 1. If army power is shared, would the coming of the new military era be acceptable? 2. Are socialized forces to be controlled by the state? 3. Are the aviation and very powerful forces to be controlled by the state?

De Gaulle continued to emphasize that the committee must have definite role in military affairs. He said that the committee would be made up of representatives from the Allied and Axis powers.

## 51,321 individual shareholders own Canada's Chartered Banks. The average holding is 28 shares. Most of these shareholders are Canadians.

Continued from Page One

The wide distribution of bank ownership is indicated by the fact that 36,574 individuals, living in all parts of Canada, hold shares in the Chartered Banks of Canada. Of the remaining shareholders, 8,987 live elsewhere in the British Empire.

**AGENDA PROPOSED**

The German proposal that an agenda be drawn up for committee action, listing four questions to be decided by the committee, was moved from the upper ranks of the army and was adopted.

The other questions were: 1. If army power is shared, would the coming of the new military era be acceptable? 2. Are socialized forces to be controlled by the state? 3. Are the aviation and very powerful forces to be controlled by the state?

De Gaulle continued to emphasize that the committee must have definite role in military affairs. He said that the committee would be made up of representatives from the Allied and Axis powers.

NEW YORK, June 15.—Proctor Mike Jacobs plans to stage a six big outdoor boxing shows in New York this summer if the 10-round bout between lightweight champion Bob Montgomery and Pvt. Johnny Greco at Yankee Stadium, June 26, is a success.

## CANADIAN SPORTSHOTS

By CHARLES EDWARDS

TORONTO, June 15.—(CP)—Just when quiet was restored on the Halifax-Kingston hall of fame front, Montreal has broken out with a claim "without fear of contradiction" that hockey originated in Montreal. Now, probably, we'll have to listen to the arguments all over again. Kingston and Halifax will never let the crack pass.

Buz O'Nea of the Montreal Star started the fight by publishing the views of one J. Clem Beauchamp, who says O'Nea, "Will tell you without fear of contradiction that hockey was organized game or even as a disorganized one, had its beginnings in Montreal."

And Buz gives Beauchamp the role of authority with this paragraph: "Before the late Frank Calder did his working on a history of hockey, Beauchamp was going to supply him with much of the material covering the origins of the game. Calder had investigated the Beauchamp findings, had agreed they were pretty much error proof."

And wait until this word gets around—the reputations will be catastrophic "Claims of Kingston, Halifax or other centres can be dismissed no matter how logically presented by such people as Jim Sullivan (of Kingston) or those Halligonians who claim the game came from the Indians."

Athletes at war:  
Bob Whitelaw, 25, defenceman with Providence Reds in the American Hockey League, has joined the R.C.A. as a frame mechanic. A former Winnipeg player, Whitelaw once played with Herring in the English League. He was with Detroit Red Wings in 1940-41. Monty Muckle, 24, defenceman of Winnipeg Juniors, has enlisted as a P.C.A.F. electrician. Muckle never played professional hockey but was a star with Montreal Hawks when they won the Allan Cup in 1934-35. Later he played in the Eastern United States Amateur League with Pittsburgh Yellow Jackets and Hershey Bears.

Incidentally:  
Gene Dugas, new southpaw out-fighter with Toronto Leafs, was born at St. Jean De Matha, Joliette, Quebec, Nov. 24. He broke into professional ball with Wichita in the Western League in 1939 and since then has been with Pittsburgh Pirates, Kansas City Senators, Albany, Washington Nationals, Montreal Royals, Baltimore Orioles and Nashville. He has a lifetime batting average of .321. — Kingston Badminton Club building has been sold to the Department of National Defence, naval service. — Saul Steiner, Ont., of southern base, no hit games within a week. First Duke McLaughlin of Falcons turned the trick. Then Tony Bergamin of Steelers duplicated with a 2-0 no-hitter against Cardinals. Tony issued only two walks against McLaughlin's seven.

## Frick Orders

Inning Be Played

NEW YORK, June 15.—(AP)—A protest by Philadelphia Phillies that St. Louis Cardinals had been negligent in not covering their playing field when weather interrupted a game at St. Louis June 14 was sustained yesterday by President Ford Frick of the National League and the contest was ordered completed.

Frick ruled that the game should be considered a "suspended game" and should be resumed at the point it was stopped, with the Cardinals leading 7-2.

## Optic Nerve Paralyzed

## One Punch by Bettina

## Finishes Off Lou Brooks

PHILADELPHIA, June 15.—(AP)—Melio Bettina returned to the ring last night after a year's absence and scored a one-punch, one-round technical knockout over Lou Brooks of Wilmington, Del. The end came unexpectedly after 1:49 of what was scheduled as a 10-rounder.

Bettina, now a corporal in the United States army, had taken two hard rights to the face in the first round without a return blow having happened.

The former light heavyweight champion, a southpaw, saw an opening. He threw a hard left jab which landed on Brooks' left eye.

Brooks' mouth popped open in pain. Turned his head back to Bettina.

"I can see," Brooks yelled to referee Irving Kitcher as he tried to rub his eye.

Kitcher escorted Brooks to his corner, then raised Bettina's hand in triumph as Melio's manager, Jimmy Grupp, charged into the ring yelling at Brooks out.

Most of the crowd of 8,543 that contributed to a gross of \$12,400 were by the quick ending.

Dr. Ralph Loucasian, state athletic commission physician, announced that Brooks had received a "definite eye injury."

"Brooks went temporarily blind," declared Leon Rains, commission chairman.

## Rookie to Share

## Outfield Position

## With Jeff Heath

CLEVELAND, June 15.—(AP)—An unseasoned rookie from Cleveland Indians' Wilkes-Barre (Pa.) farm will replace Jeff Heath on a part-time basis in the Tribe outfield, Manager Lou Boudreau disclosed yesterday.

The newcomer is the portly Pat Scerby, 20-year-old right-hander who played his first major league game Saturday and has won quick favor with fans by his handling fielding and four hits in 13 trips to the plate for a .308 average.

Well pleased with performance of Scerby, who clubbed 33 home runs while batting .303 at Cedar Rapids last season, Boudreau announced that for the present the newcomer would start in left field whenever a left-hander pitches for the opposition, and that Heath would be used only against right-handers until he shows signs of emerging from a protected hitting slump.

Heath, a native of Fort William, Ont., hasn't been doing too well. One of his long-ball hitters in the Cleveland outfield, he slumped to .278 last season, and now is down to .285.

## Defends Title

DETROIT, June 15.—(AP)—Seymour Greenberg of Chicago opened defense of his United States flyweight title championship yesterday by disposing of lanky Robert Kimbrell of Los Angeles in straight sets 6-4, 6-2, 6-1.

## Duck Bag Limit

## May Be Increased

WINNIPEG, June 15.—(CP)—Members of the Manitoba Game Commission have recommended the bag limit on ducks in the next hunting season be increased from eight to 12 a day.

This recommended bag limit is the largest for many years and is based on a field and marsh survey made by Ducks Unlimited. The survey indicated the duck population in the province had shown a large increase over previous years.

## Failure Obeys Traffic Rules Cause Mishaps

Practically all accidents on the street railway recently had resulted from failure on the part of street car operators to observe standard regulations, city council was informed by the city commissioners in response to a question asked by Ald. C. E. Gariepy.

The following statement was contained in the commissioners' report from Thomas Ferrier, street railway superintendent, covering these accidents:

"We may say that although the accidents of late happened with new men, these men had all received the usual three weeks training under competent instructors. They had passed the regular examination by the chief inspector before being placed on the regular operation. After this they were under the direct supervision of the inspectors who check up on all new men regularly and correct any faulty operation."

"Practically all of these accidents resulted from failure on the part of the operator to observe standard regulations and nine of the men have been dismissed from the service. All of the others involved were being disciplined under the railway departmental disciplinary measures."

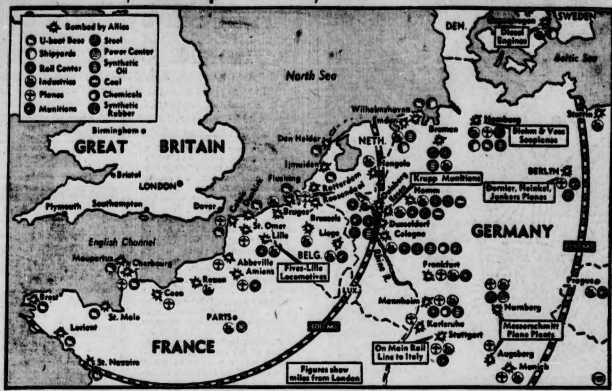

### OTHER CAUSES

Ald. Guy Patterson, K.C., suggested that the street railway superintendent was charging the entire blame for these accidents to the new employees on the street railway. He said that the firing of nine men from the service, and the disciplining of others was not the way to treat these employees. Mayor John W. Fry pointed out that all men fired or disciplined because of being involved in accidents, had the right to appeal to the commissioners against the decision of the street railway, and the payment of wages during that period.

Ald. Sidney Bowcott expressed the opinion that the training period was too short, and that the commissioners should give consideration to a longer training period and the payment of wages during that period.

The combined steel capacity of the United States, British Empire and Russia is more than twice the A.C. line.

## Daily War Map—Exclusively in The Edmonton Bulletin

Boomers from Britain are turning areas of industrial Europe into burnt-out ruins as American, British and other Allied flyers seek to destroy Nazi bases, supply lines and war manufacturing centers. Map shows areas bombed by Allies since Jan. 1, 1943, many of which have had multiple raids, like Eam (5), Wilhelmshaven (40), Berlin (6), Cologne (6) and Dunkirk (8). U-boat bases like Lorient and St. Nazaire have been heavily hit.

## City Council Approves Pact For 250 Homes

The agreement between the city of Edmonton and Wartime Housing Ltd., the crown company creating 250 wartime houses in the city, was approved by members of the city council at the regular meeting Monday evening. Mayor John W. Fry and City Clerk Alfred Russell were instructed to sign the agreement. Mayor Fry stated that the agreement would be signed on Tuesday and forwarded to the company at Toronto.

Work on excavation of the cellars for the 250 homes will start next Monday. The homes are being erected in the Norwood and Westwood districts.

Ald. Guy Patterson, K.C., had a number of questions to ask in council concerning power plant operations, and also as to a survey that is now being conducted in Alberta by Dr. Stutz, assistant power

controller for the Dominion government.

### THE QUESTIONS

The questions he submitted to council for answer at the next regular meeting follow: The press reported last night to believe that Mr. Stutz, the assistant power controller, is advocating the use of gas to heat boilers in the power house. Is Mr. Stutz still a director of the Calgary Power? Is it not dangerous to have a gas boiler in the city, as advised by government officials who are or were recently officials of the Calgary Power and naturally opposed to our development of public ownership? Is the Calgary Power paying back any of the 30 million kw. and giving us an opportunity to build up a reserve? Is the policy of the Dominion government in respect of small mines in the Edmonton area forcing them to liquidate thereby depriving us of a considerable source of supply in general what are we doing to build up the stock pile at the power plant?

Ald. F. J. Mitchell's motion concerning the feasibility of storing coal at the city power plant will be put to the council for distribution to Edmonton residents in the fall and winter was referred to the city commissioners for investigation and report.

### Former Chairman Of Ratification Board Faints in Court

HARTFORD, Conn., June 15.—Charles E. Gentry, Jr., former chairman of the Marlborough ratification board, was carried from court yesterday in a faint after Judge J. Joseph Smith sentenced him to nine months in prison on charges of violating regulations.

## District News in Brief

### Penhold Airmen Plan Farm Aid

RED DEER—Some of the airmen at No. 36 Service Flying Training School, Royal Air Force, Penhold, are planning to assist farmers in this district during the coming summer. Some of the airmen are anxious to learn something of farming methods in Alberta and at the same time to help the acute labor shortage. Many of the R.A.F. personnel intend to take their own harvesting season while some are willing to spend their time during two-day leave on farms. A. Allen, of Red Deer Y.M.C.A. supervisor of the Penhold station, is handling arrangements for putting district farmers in touch with the airmen.

The 21st I.O.D.E. Red Deer Company of the Grand Order of the I.O.D.E., which is sponsored by Sir Christopher Cradock Chapter, I.O.D.E., held an annual picnic in the district assembly hall recently. Mrs. Heather Langille, the captain, was in charge of the program, assisted by Vera Cantelon.

Mrs. Langille presented the first class prize and pin to Evelyn Thomas, the patrol leader who had an annual picnic in the district assembly hall recently. Mrs. Heather Langille, the captain, was in charge of the program, assisted by Vera Cantelon.

### Damp Weather Closes Mine

CADOMIN—One of the dampest seasons ever experienced at the Alberta Coal Branch has stopped production at the Lakeside mine at Robb, Mile 33 as workings are flooded with water.

One hundred men are idle while crews are endeavoring to lower the water level with pumps and equipment.

At Cadomin the McLeod River, which flooded last season is again rising due to the heavy rains.

Lucas on Thursday, June 10 was so heavy that bulldozers and equipment were necessary to clear the streets. Mountain Park also had a heavy snowfall on that date.

## City May Underwrite Property Fire Insurance Risks

### Province Seeks Details of Act

The provincial government, through W. D. King, deputy minister, department of trade and industry, has requested the city of Edmonton to furnish details of the sections of the Conciliation and Arbitration Act on which the city is asking for a joint reference from the province and the city to the supreme court for clarification.

The request for the joint reference was made by the city because of difficulties arising out of the interpretation of "class or category of employees."

These difficulties have arisen through the dispute between two sections of the street railway modern concerning the right to represent this category of civic employees as their bargaining agency.

Mr. King intimated that on receipt of this information the government would again consider the request of the city for a joint reference.

Regular monthly meeting of the Edmonton Hospital board will be held on Friday, June 18 at 4 p.m. in the Royal Alexandra hospital. It is announced by M. W. Ross Secretary. Supper will be served.

### Visiting City

Sam O. Ross, Manager of the press radio division of The Canadian Press, Toronto, who is a city visitor. He was the first manager of the Edmonton bureau of The Canadian Press, and prior to coming here had had extensive experience with newspapers and the organization with which he is associated.

### Men Disappear As City Police Car Approaches

Two men standing near a car for which city police were searching on Monday night took to their heels and disappeared in the bushes along the Stony Plain road as a police patrol car drew up. It was reported Tuesday morning.

Two prowler cars were used in a search of the bushy growth, in garages and barns. The car was towed into the city.

Police were searching for the car, reported stolen from the front of the Canadian Bank of Commerce building, 101 street and 101 avenue between 4 p.m. and 4:15 p.m. The car was reportedly seen about that time on 104 street, when some boys and girls were riding in it.

### I Saw Today

John Lawrence Dodge, an employee of an American firm at Fort McMurray, arrested in Vancouver on charges of issuing cheques without sufficient funds to cover them at Banff, Calgary and Lethbridge, is being returned to Calgary for trial, city police were notified Tuesday.

Two cheques, one for \$25 and another for \$50, cashed in Edmonton by Dodge, were returned from the Fort McMurray branch of the bank on which they had been drawn, marked "insufficient funds." Edmonton police were notified by Frank M. Pow, accountant, The Royal Bank of Canada, that Dodge had presented a cheque made payable to his own account for \$25 on May 3 last. He was paid cash, after which the cheque was forwarded to Fort McMurray, only to be returned, marked "insufficient funds."

AND  
Charles Gray in the early hours of the morning leaving about the main boulevard puffing at a favorite cigar. Huggie Steele about the same time on the same thoroughfare cycling west. Harry McAnsh discussing trumpet playing with a friend on 104 avenue. Tom Jackson exchanging greetings with an old pal at Jasper and 101 street. Fred Ross walking north along 104 street. Emily Parada partaking of some light refreshment at a popular main stem restaurant. Jan Parker smiling at a friend on the South Side. Herb Jones entering the C.P.R. building in the early hours of the business day.

### Faces Charges Of Issuing Bad Cheques Here

Two cheques, one for \$25 and another for \$50, cashed in Edmonton by Dodge, were returned from the Fort McMurray branch of the bank on which they had been drawn, marked "insufficient funds." Edmonton police were notified by Frank M. Pow, accountant, The Royal Bank of Canada, that Dodge had presented a cheque made payable to his own account for \$25 on May 3 last. He was paid cash, after which the cheque was forwarded to Fort McMurray, only to be returned, marked "insufficient funds."

### Acting Chief

Detective Inspector John Leslie was appointed temporarily to the post of Chief Constable on Monday, it was announced. The appointment was made by the acting mayor, Mr. J. W. Cross, after the resignation of Chief Constable Matthew Blackwood, has been a member of the city police force for 20 years. He was a close confidante of the late chief, with whom he had worked for more than 25 years.

### Commissioners Declare Great Reduction Needed Present Municipal Rates

Unless there is drastic reduction in fire insurance rates on municipal property, to establish rates that are commensurate with the fire risks involved in this type of insurance the city of Edmonton may undertake to underwrite fire insurance risks on city owned property starting on July 1 next.

Three recommendations relative to the city's fire insurance coverage were made by the commissioners to city council, and were referred by that body to the finance committee for consideration and report.

The recommendations are:  
1. That the unduly high rates on municipal property be the subject of study by the Western Canadian Fire Underwriters' Association, and any other rating authorities in the Dominion, with a view to the initiation of possible reductions in the rates with the risks involved. In all probability this would result in reducing the rates by at least 50 per cent.  
2. Failing this that the provincial insurance department be requested to make a study of the rates and submit recommendations with rates.

3. Provided that neither of the first two suggestions produce rates which can be justified as fair, that the City initiate an insurance fund of its own as a last resort.  
That from July 1, 1943 all fire insurance policies be cancelled, and the sum of \$250,000 be paid into the sinking fund board to be invested in long term victory bonds yielding three per cent, to be held in trust for the payment of all fire losses as may be occasioned after that date, and that commencing with the year 1943, and each succeeding year thereafter, there be paid into such trust fund a sum of \$5,000 until the said fund shall, together with interest earnings, have payments therefrom for certified fire losses, amount to \$500,000 after which time all interest earnings in excess of the said sum of \$500,000 shall be paid to the city.

### Anniversary

R. J. Gills, who on Tuesday was receiving congratulations for reaching his 66th birthday anniversary. For him it marked the end of a two-day anniversary, for that was the birthday of the 42nd anniversary of his entry into the public service, 38 years of which have been spent in this city. On June 30 he will celebrate the 32nd anniversary of his arrival here, having come here as part of the construction crew that was the railway into the South Side. Although he has reached the retiring age, he has Alberta Civil Service, he has been granted a year's extension.

### A-R-O-U-N-D THE TOWN

Hon. Dr. W. W. Cross, provincial minister of health, left Tuesday for a trip through southern Alberta. Dr. Cross will inspect hospitals in that part of the province, and expects to be back in Edmonton in a week's time.

Two new members have joined the staff of the Canadian National Railway. Development Officer, Mr. A. Dewar, who has joined the staff of the ticket office, and Mr. Elliott, who is now a member of the district passenger staff. Both are from Vancouver.

Revenue collected by the city license department from Jan. 1, 1942 to Jan. 15, 1943, amounted to \$64,384.50. The number of licenses decreased 32,424.50. It was disclosed in a report filed Tuesday by the city commissioners by Thomas McCullum, city license inspector.

Annual general meeting of the Corporation of Frontenac will be held in Kitchener, Ont. July 1 to 5, with weekend camp. Members desiring to attend must be sworn members by June 20. Squads will meet at 20:30 hours on Wednesday, June 16th at lecture room, city police station, for continuation of training in service uniform.

During April there were 320 births recorded in Edmonton, with deaths numbering 123 and marriages 127. The number of marriages during this month at Calgary was 283, with deaths totalling 96, and marriages 141. In Lethbridge 106 births were recorded, 21 deaths, 36 marriages, and at Medicine Hat 63 births were listed during the month, 15 deaths and 22 marriages.

Canned sausage is rationed. This rationing is in accordance with the ration administration Wartime Prices and Trade Board in answer to many inquiries from retailers and consumers. Sausages are among meats which are rationed. Lightly salted meats and packages for keeping purposes, and are listed among canned meats on the list of rationed commodities.

Some complaints have reached the ration administration, Wartime Prices and Trade Board, that butchers have declined to make up the balance of coupon value by small quantities of other meats. It is pointed out that, if a housewife is buying less than a full coupon's worth of any meat, she may take the rest of the coupon value in meat from the same or any other coupon group.

Communicable disease cases reported to the city health department during the week ended June 12 increased from 375 the previous week to 400. The increase was due to 10 cases of measles reported by Dr. G. M. Little, medical health officer. Communicable diseases cases reported during the week ended June 12, 1943, included 10 cases of measles, 10 cases of scarlet fever, 10 cases of diphtheria, 10 cases of whooping cough, 10 cases of pertussis, 10 cases of mumps, 10 cases of typhoid, 10 cases of dysentery, 10 cases of cholera, 10 cases of plague, 10 cases of smallpox, 10 cases of tuberculosis, 10 cases of syphilis, 10 cases of gonorrhea, 10 cases of venereal disease, 10 cases of skin diseases, 10 cases of eye diseases, 10 cases of ear diseases, 10 cases of nose diseases, 10 cases of throat diseases, 10 cases of lung diseases, 10 cases of heart diseases, 10 cases of kidney diseases, 10 cases of liver diseases, 10 cases of stomach diseases, 10 cases of intestines diseases, 10 cases of bladder diseases, 10 cases of prostate diseases, 10 cases of testis diseases, 10 cases of uterus diseases, 10 cases of ovaries diseases, 10 cases of vagina diseases, 10 cases of cervix diseases, 10 cases of penis diseases, 10 cases of scrotum diseases, 10 cases of clitoris diseases, 10 cases of vulva diseases, 10 cases of perineum diseases, 10 cases of anus diseases, 10 cases of rectum diseases, 10 cases of sigmoid diseases, 10 cases of cecum diseases, 10 cases of appendix diseases, 10 cases of gallbladder diseases, 10 cases of pancreas diseases, 10 cases of spleen diseases, 10 cases of liver diseases, 10 cases of stomach diseases, 10 cases of intestines diseases, 10 cases of bladder diseases, 10 cases of prostate diseases, 10 cases of testis diseases, 10 cases of uterus diseases, 10 cases of ovaries diseases, 10 cases of vagina diseases, 10 cases of cervix diseases, 10 cases of penis diseases, 10 cases of scrotum diseases, 10 cases of clitoris diseases, 10 cases of vulva diseases, 10 cases of perineum diseases, 10 cases of anus diseases, 10 cases of rectum diseases, 10 cases of sigmoid diseases, 10 cases of cecum diseases, 10 cases of appendix diseases, 10 cases of gallbladder diseases, 10 cases of pancreas diseases, 10 cases of spleen diseases, 10 cases of liver diseases, 10 cases of stomach diseases, 10 cases of intestines diseases, 10 cases of bladder diseases, 10 cases of prostate diseases, 10 cases of testis diseases, 10 cases of uterus diseases, 10 cases of ovaries diseases, 10 cases of vagina diseases, 10 cases of cervix diseases, 10 cases of penis diseases, 10 cases of scrotum diseases, 10 cases of clitoris diseases, 10 cases of vulva diseases, 10 cases of perineum diseases, 10 cases of anus diseases, 10 cases of rectum diseases, 10 cases of sigmoid diseases, 10 cases of cecum diseases, 10 cases of appendix diseases, 10 cases of gallbladder diseases, 10 cases of pancreas diseases, 10 cases of spleen diseases, 10 cases of liver diseases, 10 cases of stomach diseases, 10 cases of intestines diseases, 10 cases of bladder diseases, 10 cases of prostate diseases, 10 cases of testis diseases, 10 cases of uterus diseases, 10 cases of ovaries diseases, 10 cases of vagina diseases, 10 cases of cervix diseases, 10 cases of penis diseases, 10 cases of scrotum diseases, 10 cases of clitoris diseases, 10 cases of vulva diseases, 10 cases of perineum diseases, 10 cases of anus diseases, 10 cases of rectum diseases, 10 cases of sigmoid diseases, 10 cases of cecum diseases, 10 cases of appendix diseases, 10 cases of gallbladder diseases, 10 cases of pancreas diseases, 10 cases of spleen diseases, 10 cases of liver diseases, 10 cases of stomach diseases, 10 cases of intestines diseases, 10 cases of bladder diseases, 10 cases of prostate diseases, 10 cases of testis diseases, 10 cases of uterus diseases, 10 cases of ovaries diseases, 10 cases of vagina diseases, 10 cases of cervix diseases, 10 cases of penis diseases, 10 cases of scrotum diseases, 10 ## Mrs. C. White To Visit Here

Mrs. Christine White, executive assistant to Byrne Sanders, director of the consumer branch, Wartime Prices and Trade Board, will visit the latter part of June to meet Labor groups and Labor leaders in these Alberta centres.

Mrs. White came to her position as executive assistant to Mr. Sanders with the backing of prominent Labor leaders, she has already contacted a wide range of Labor groups, has sought their advice and suggestions and passed these on to the Wartime Prices and Trade Board.

She has gone into the heavy industrial area in the east, has visited the Pacific coast and is now en route to the middle west where she will investigate conditions.

Mrs. White brings Labor the assurance that the board wants the views and opinions, and is convinced that no groups in Canada are more anxious to see more control work than the Labor groups.

Born and educated in Glasgow, Scotland, Mrs. White is the daughter of a well-known trade unionist in 1918 became secretary of John G. White, formerly recording secretary of the Winnipeg Local U.O.W. Mrs. White taught in a commercial art in the Daniel McTavish Collegiate Institute and in Dominion-Province Vocational Training School for many years.

It is concluded that every man should first learn a trade, even as Peter Gordon White, now at serving Manitoba University, having completed his apprenticeship training and holds his I.T.U. diploma.

Her daughter, who has completed a business course, Mrs. White is a well known worker in service organizations, adult education activities in Manitoba. She has been in charge of the Workers' Educational Council, president of the Phoenix Club Union, and organizer of the secretary of the Red River Co-Operative Society.

Mrs. White has also been a member of the Manitoba Dependents' Advisory Committee, and a member of the Manitoba Women's Federation.

Mrs. White has been closely associated with the consumer branch of the Wartime Prices and Trade Board. She was a member of the Manitoba Women's Federation, and is now in charge of the speakers' panel.

## Bank Auxiliary Does War Work

Women in Canada eager to do their part for the war effort have organized themselves into wartime auxiliaries to send comforts to the troops and to assist in the war effort.

Since that time the auxiliary has taken on new responsibilities: sewing for the Red Cross, making clothes and quilts, and it is equipped and organized to provide a worthy work that these organizations are doing is exemplified by the Imperial Bank of Canada Ladies' War Service Auxiliary formed in Toronto.

Organized shortly after the war, the auxiliary had as its primary purpose to provide comforts for the troops. It has since taken on new responsibilities: sewing for the Red Cross, making clothes and quilts, and it is equipped and organized to provide a worthy work that these organizations are doing is exemplified by the Imperial Bank of Canada Ladies' War Service Auxiliary formed in Toronto.

Since that time the auxiliary has taken on new responsibilities: sewing for the Red Cross, making clothes and quilts, and it is equipped and organized to provide a worthy work that these organizations are doing is exemplified by the Imperial Bank of Canada Ladies' War Service Auxiliary formed in Toronto.

In a report to the members of the auxiliary, Mrs. Gordon Ritchie, president, stated that 1,200 articles of clothing and the like had been sent out by the auxiliary during the winter.

The auxiliary includes members of the staff of the bank in Toronto or relatives of men from the bank staff who have enlisted.

## C. W. L. Hears National Head

HAMILTON, Ont., June 15.—(C.P.)—Mrs. P. J. McGarry, of Kitchener, Ont., national president of the Catholic Women's League of Canada, said Monday that intelligent thinking and an articulate womanhood were two of the most important points "which we want to attain."

Mrs. McGarry spoke at the 23rd annual convention of the League, which was held at the Hotel Hamilton.

"Your seal, your patriotism, and your enthusiasm for the League must not for a moment carry your mind away from the fact that it is on the strength of this national life that the right rebuilding of our national life depends," she said.

"Our national success depends on you, each of you, in your own small corner of your own life, on the side of it in your subdivisions, living up to the true ideal of our organization."

The Rev. J. Arthur O'Brien, in an address to the convention, urged the women to take their place in the work of their communities and in national activities.

Membership in the league now is 80,000 and it includes all women over 16 years of age.

Great distances in the west of Canada and travel restrictions have hindered organization work of the Catholic Women's League of Canada.

Mrs. Irene Hawkes of Edmonton said in her report: In the area there were 11 dioceses, with 182 sub-divisions and 4,200 members.

Armer plate comprises about 30 per cent of the total weight of a light tank.

## TO COME WEST

Mrs. Christine White, executive assistant to Byrne Sanders, director of the consumer branch, Wartime Prices and Trade Board, will visit the latter part of June to meet Labor groups and Labor leaders in these Alberta centres.

Mrs. White came to her position as executive assistant to Mr. Sanders with the backing of prominent Labor leaders, she has already contacted a wide range of Labor groups, has sought their advice and suggestions and passed these on to the Wartime Prices and Trade Board.

## U.S. Woman Plans Shows

Originally from Minneapolis now living at Clearholm, Mrs. Luella Amundson is staying at the Corona hotel in the city. She is in Edmonton to take over duties as supervisor and production manager for the War Services, Entertainment Board.

Mrs. Amundson has been engaged in stage and production work all her life and since the beginning of the war has been organizing entertainment for troops in the southern part of the province. Her record of 25 artists has proved exceedingly popular.

Previous to coming to western Canada, Mrs. Amundson worked with the Balmain Light Opera Company in the Schubert theatre in Minneapolis.

In addition to the well-known entertainment unit organized by Harold Wright, Mrs. Amundson will produce another and larger unit, the latter part of June to meet Labor groups and Labor leaders in these Alberta centres.

Mrs. Amundson is making plans for four more entertainment groups at Edmonton, Calgary and Vancouver.

Members of the Westmount United L.A. will entertain at their regular June picnic in the city on Wednesday at 2:30 p.m.

LADIES of Edmonton Golf and Country Club will be lunching on Wednesday at 1:30 p.m. at the club house. Games have been arranged for the afternoon.

Members of the social committee of the Mayfair club will take place in First Baptist Church, Edmonton, June 18.

The engagement has been announced of Miss Barbara Smith, youngest daughter of Mr. and Mrs. P. Barber, to Mr. P. Irving Gould, R.O.C.C. son of Mr. and Mrs. Charles E. Gould of Consort, Alberta. The wedding will take place in First Baptist Church, Edmonton, June 18.

Dr. Beth Brelin of Providence, Rhode Island, has returned home after spending several days visiting friends in Calgary.

Mr. and Mrs. Hugh Ross left Monday morning to return to Vancouver after visiting the former's parents, Mr. and Mrs. P. B. Ross.

In compliment to Mrs. J. O'Leary, the former Miss Millie Brown, Mrs. D. Dunnigan and Miss Mary Anderson were contestants at a linen show on Friday evening at the home of Mrs. Dunnigan.

Miss Frances P. Huggins, who has been visiting in the city, will be a guest of her hostess, Mrs. P. B. Ross.

Mrs. Spence McNabb, daughter-in-law of the Hon. A. McNabb, L.G., Governor of Saskatchewan, will be in the city from Moose Jaw, Sask., visiting with her sister, Mrs. Clifford E. Lee.

Mr. and Mrs. Stanley Clark left for Toronto Sunday, while Mr. and Mrs. W. P. Clark, who are in the city, will be guests of Mr. Clark's sister and brother-in-law, Mr. and Mrs. C. Q. Plavin.

Mrs. Richard Hurlbert has left for eastern Canada, where will visit her husband, L. Hurlbert, R.C.N.V.R., after spending some weeks visiting her mother, Mrs. George MacDonald. She is accompanied by her small son, Charles Hurlbert.

Mrs. Frederick Kavanagh has returned to Edmonton after visiting in the east.

Mrs. F. G. Grenville of Calgary is visiting in the city for a few days.

Miss Joan Balloch arrived Saturday from Montreal to visit her parents, Col. and Mrs. L. C. Harris.

Mrs. A. W. Speed of Calgary, and her small daughter Sharon Clark, will be in Edmonton, guests of Mrs. Speed's mother, Mrs. Fred Weeks, P.L. L. Speed has gone to Trenton for a few days.

Miss Grace A. McColl was guest of honor at a miscellaneous show held at the home of Mrs. M. G. McQueston recently. Hostesses were Miss Helen Stevens, Mrs. L. Schuller, Miss Anne Haynes, Miss Grace Patton, Miss Esther Becker, Mrs. Eve McCullum, Miss Roma Buckman.

Mr. and Mrs. Norman Burch spent the week-end in Calgary.

Miss Jean Ramay, left the city Sunday for a week-end in Victoria, where she will spend the next two weeks holidaying.

Mrs. William Baronessfeather has returned to Calgary after spending the week with her parents, Dr. and Mrs. C. G. B. Baronessfeather, and Mr. and Mrs. J. C. Kenay.

Mr. Mervyn Harvey, R.C.N.V.R., is in Edmonton to spend four weeks' leave with his parents, Mr. and Mrs. Frank Harvey. He was present at the wedding of his sister Patricia, to P.O. Joe Dutcher, held Saturday at First Presbyterian church.

"FREQUENTLY RAW" The vitamin content of most vegetables is greater when they are raw. All of these are good sources of important vitamins and especially deficient in salads and cold dishes: Green Cabbage, Carrots, Endives, Romaine Lettuce, Scallions, Parsley, Peppers, Tomatoes, Watercress.

# Women Won't Talk

By RENE RYERSON MART

THE STORY: Derek Grady, who was murdered on the grounds of Kraitower, was the only man who was wanted for the murder of Margaret Grady, but who was never seen again. Margaret Grady, who was murdered on the grounds of Kraitower, was the only man who was wanted for the murder of Margaret Grady, but who was never seen again.

CHAPTER VII  
NOW know that while Chief Deputy Shaw was in the house that afternoon taking down our formal statements, the other deputy was still in the ravine going over the vicinity where Derek's body was found with a fine tooth comb as the saying is.

And what he found there was enough to start the telegraph wires humming between Liston, the village where we get our mail when at Kraitower, and Chicago where Derek Grady was last seen alive. As a result one message came through that set cocky young Sam Shaw by the ears. It was to him the only deputy who the other deputy said anything of their finds in the ravine that afternoon. I suppose Shaw was still sore because we had deceived him about knowing Derek, and figured that if he asked any more questions we wouldn't tell him the truth anyway. And, too, at that stage, the evidence in the ravine must have seemed purely incidental to him, too.

So the two officers took photographs, packed some things in the back seat of their police cruiser and left shortly after Sam Shaw gave up trying to question Margaret.

All I had to worry about as I went around that afternoon trying to steady my household back into its accustomed groove and to

hold everything

was to keep my head down and not get into any more trouble. I knew that if I asked any more questions we wouldn't tell him the truth anyway. And, too, at that stage, the evidence in the ravine must have seemed purely incidental to him, too.

So the two officers took photographs, packed some things in the back seat of their police cruiser and left shortly after Sam Shaw gave up trying to question Margaret.

All I had to worry about as I went around that afternoon trying to steady my household back into its accustomed groove and to

officer had said Derek was wanted for kidnapping I wondered if Margaret knew about that. If he didn't I wasn't going to tell her. He had already heaped shame enough on her poor old head.

After a little while Margaret quit crying and asked me in a muffled whisper if I would take care of Derek.

I told her, yes, that I'd make arrangements for his funeral, and asked her if she wanted him buried in the village cemetery. Michael is buried there, he wanted to be near Kraitower. Margaret nodded her head, yes.

As I left Margaret's room I almost bumped into Connie. She was coming out of mine, directly across the hall, and when she saw me her face flamed. She made some excuse about looking for a book that she thought had been in my room when her things were moved.

"Did you find it?" I asked. "No," she looked miserable. "Somehow I got the impression that she hadn't been looking for a book at all, and I wondered about that. What had she been searching for with that desperate look on her face?"

A little chill crept up my spine. To Be Continued

THE MOON'S POSITION IN THE SKY DOES NOT AFFECT THE WEATHER

Many people talk about a "cold moon," or a rainy moon, but the truth is that the position of the moon in the sky has nothing to do with weather. The moon's positions are uniform and can be predicted for hundreds of years in advance, but not so with the weather. When the moon is far to the north we call it a "cold moon" but there is no relation between the two. At the same time, when the moon is in the south, the moon swings north. In summer the sun comes from the north and the moon swings to the south.

McCoy Health Service

Before attempting a treatment to correct chronic gastritis or chronic indigestion, it is advisable that a thorough examination be taken and during the examination the stomach should be studied with the Fluoroscope. In this way it will be determined whether the stomach has collapsed or fallen. Beyond any question of a doubt, the patient with a prolapsed stomach may undergo persistent digestive distress which is only overcome when the stomach is returned to its normal position. In addition to the Fluoroscopic examination, it may be necessary to take X-ray pictures of the stomach for the purpose of disclosing stomach ulcers that may have formed. The symptoms of an ulcer may closely resemble those of gastritis. The thorough examination may disclose the fact that the stomach is normal and that the indigestion of which the patient complains is being produced by a "sick" gall bladder. Very often an inflamed or sluggish gall bladder will induce more symptoms relating to a disturbance of the stomach than to the gall bladder itself.

When the thorough examination discloses that the symptoms are actually due to gastritis, the patient is then ready to adopt a better diet for the relief of his distress. I consider the adoption of a sensible diet to be the first importance in relieving all cases of chronic stomach trouble. In cases of chronic stomach trouble, it is far ahead of all other measures of treatment. Gastritis can only be cured by placing the patient on a dietetic regimen. I suggest the use of the short fast. The fasting cure is of the greatest value in these cases and more rapid results are obtained when the fast is used at the start. The fast will give the overworked and tired stomach a chance to rest, during which normal functioning will be restored. The stomach lags the sensation of irritation which has been so prominent and returns to a normal sensation of comfort. At the conclusion of the fast the patient can use a simple, sensible diet, well-balanced in every way and correctly combined. The diet is to consist of wholesome foods which are used in moderation and which do not place too great a burden upon digestion. Instead of the previous incorrect habits of eating which kept the stomach irritated and upset, the patient is to establish these good habits of eating which are rewarded by complete freedom from digestive discomfort.

Certainly, if you have been troubled by digestion, you should be willing to learn enough about food to eat sensibly. It is particularly important that you study food in connection with the purpose of learning which foods agree with each other. There is no need to go on suffering from indigestion when simple changes in diet will provide so much relief. Stay on a correct diet until the time when you become unaware that you have a stomach—when digestion proceeds so smoothly that you will not need to give it a thought.

All questions regarding health

and diet will be answered. Large, stamped, self-addressed envelope must be enclosed. Write on one side of paper only. Letters must not exceed 150 words. Address: McCoy Health Service, The McCoy Building, 1131 West 6th Street, Los Angeles, Calif.
